

**NASA WV EPSCoR
Travel Grant Program
Application Form**

NASA WV EPSCoR Program is pleased to provide support to researchers at West Virginia colleges and universities to travel to NASA field centers or NASA headquarters to meet and initiate collaborative projects with NASA scientists. Travel can be for a faculty member to travel to a NASA Center, to another collaborator on a potential externally funded NASA project, or to present previously funded NASA work at a conference. Applicants can also request funds to invite prominent researchers to their campus to participate in research colloquium or to discuss collaborations that are relevant to NASA's work.

Each applicant may request up to \$2,000 of NASA WV EPSCoR funds. A summary of the event/activity and expense report will be required at the completion of the proposed activity. Please do not exceed the space provided on the attached form. Applications will be reviewed on an on-going basis.

NASA funds cannot be used for foreign travel.

Applications must undergo a minimum two-week review process; otherwise, they will be rejected.

Please send the completed application and all attachments in a single PDF file to Candy.Cordwell@mail.wvu.edu

For all questions regarding budget-related or proposal format, please contact the NASA WV EPSCoR office :

Telephone: (304) 293 - 4099
